THE SUREST ROAD TO WEALTH IS THROUGH LIBERAL ADVERTISING

CONVENTION CALL.

To the Republican Members of Pennsylvania:
After consultation and correspondence with the members of the Republican State Committee, and by their direction, I hereby give notice that the Republican members of the State Council will meet in State Convention at Harrisburg, Wednesday, August 13, 1891, at 10 o'clock A. M., for the purpose of electing delegates to the National Convention, and for the purpose of electing delegates to the National Convention, and for the purpose of electing delegates to the National Convention.

Notice is especially directed to the fact that, in accordance with the provisions of the last mentioned act, each Senatorial district is entitled to a representation of three delegates in said National Convention, two of whom only can be members of the majority party in said district. The closure of each district are therefore requested to make proper nominations for delegates to said convention, the rules governing the nomination of candidates for State Senator to be applicable.

In this connection the Chairman desires to call the attention of Republican voters to the recommendation of the State Convention of 1892, that "they allow the greatest freedom in the general participation in the primaries consistent with the preservation of the party organization."
WM. H. ANDERSON, Chairman.

BOARD OF TRADE.

In another part of to-day's HERALD will be found an article upon the necessity of some action being taken by our capitalists and others in offering inducements to outside manufacturers to locate in our midst. The HERALD has time and again called the attention of its readers to this fact, and has done everything in its power to organize a Board of Trade, but to no avail.

For the reason that we have no such organization in our midst, industries have been established in other towns throughout the county, that, had the proper efforts been made, could have been induced to locate in Shenandoah.

This is a matter that should demand the immediate attention of our citizens; and it is to be hoped that the meeting called for to-morrow evening will be largely attended. Go there prepared to do something in the way of united action.

Let us have a Board of Trade. Shenandoah will never be anything more than a mere coal mining town unless there is some organized action taken on the part of its citizens.

Get together.

MAKE A START.

WILL WE HAVE A BOARD OF TRADE?

A MEETING CALLED FOR FRIDAY.

Time is Ripe for a Movement to

Better the Interests of the

Town—Let Our Monied Men

Make a Move.

Time to be moving!

Yes, the rate of speed at which we are now traveling as an industrial town is entirely too slow for this advanced age.

While other towns all around us are taking advantage of their opportunities to bring industries within their borders, thus giving employment to the unemployed, Shenandoah is still traveling in the same old rut, with no apparent sign of improvement.

While hundreds of our citizens are anxiously awaiting the establishment of a factory or two of some kind in our midst that will give them employment, and at the same time materially increase the bank accounts of our monied men. It is, without doubt, one of the urgent necessities of the times—that Shenandoah needs several manufacturing industries, and needs them now.

Who will make the first move?

It is only a beginning that is needed. When the ball is once started in the direction indicated Shenandoah will not only be the leading town in the county in respect to the number of its inhabitants, but it would soon be the leading manufacturing center of Schuylkill. Why should it not?

With its unsurpassed railroad facilities, an abundance of cheap fuel, and unlimited supply of water, we have all the requisites necessary for the location of outside manufacturing industries in our midst.

Now is the time.

Start the ball rolling, and keep it rolling. How shall we make a start, did you say? By united action—organization. Let us have a Board of Trade, and at once.

Shenandoah has been too long without one. Even Frackville, with its population of only 3,500, surpasses us in this respect.

Our Borough Council has taken the initiative in passing the tax exemption ordinance. Now let several of our public-spirited citizens get together and devise some means whereby we can offer sufficient inducements to manufacturers to locate among us.

We suggest that Dr. J. S. Kistler, John Robbins, A. J. Lueger, P. J. Ferguson, J. J. Franey, William Kimmel, P. J. Gaughan, James Champion, John A. Reilly, Col. J. K. P. Schiedly and others we might mention get together and consider this question in all its bearings. It will cost you nothing but a little of your spare time.

Get together, gentlemen!

Will you act?

Since no one seems disposed to take the initiative step in the matter, let this be considered a notice to the gentlemen whose names are mentioned above, and all others who are so disposed, to meet in the parlors of the Ferguson House on Friday evening next. Go there prepared to talk business.

Organize a Board of Trade at once. Manufacturers are knocking at our doors, and it behooves us to be prepared to receive them.

Get together, gentlemen.

EAGLE'S MERE.

A Popular and Beautiful Summer Resort.

Have you ever been to Eagle's Mere? If not, you have missed the one fair spot on this earth.

It is situated in Sullivan county, about six miles from Muncy Valley, on the Williamsport & North Branch Railroad, at an elevation of 2,300 feet above the level of the sea. It is a picturesque name derived from the beautiful lake which in former years was the haunt of many eagles.

Situated at such an altitude in the rarefied air of the mountains, it is very healthful, the invigorating breezes are not only ever active, but are impregnated with the fragrance of surrounding pines and hemlocks, possessing a peculiarly effective and strengthening power.

While Eagle Mere, by reason of its natural advantages, is a sanitarium for the weary, ailing, or sufferers from malarial troubles, nervousness, asthma, or hay fever, it is at the same time a most attractive family resort free from the restraints of ultra fashionable conventionalities and offering every feature that could contribute to the pleasure and happiness of ladies and children.

This attraction and healthful resort can be reached by taking the P. & R. R. passenger trains to Hall's station thence on the Williamsport and North Branch R. R.

We left Shenandoah with a party of four via Philadelphia & Reading at 7:30 a. m., waiting at Mahanoy Place until the arrival of the up train from Philadelphia.

The journey to Hall's, where we change cars, is most delightful. The new Reading management has got things down very fine and it is a real pleasure now to make the trip when, not many months ago, it was the other way. The cars are the most luxurious and the crew very gentlemanly and obliging.

At Hall's we change and board the train on the Williamsport & North Branch Railroad which is in waiting. A run of 20 miles brings us to Muncy Valley, the present terminus of the road, where we take coaches for the Mere, a distance of between 5 and 6 miles from the station.

Arriving at the top we made ourselves comfortable at Hotel Richmond and enjoyed one of the best dinners we have yet had in many a day.

The improvements noticed since our last visit here is very great and a general air of prosperity prevails. There are several other first-class hotels here, and all of them have plenty of boarders for the season.

Through Messrs. Lawler, of the Reading, and Welch, of the Williamsport and North Branch Railroads, we are indebted for many kindnesses.

QUAY RESIGNED!

NO LONGER A MEMBER OF THE NATIONAL COMMITTEE.

COLONEL DUDLEY ALSO RESIGNS.

Gen. J. S. Clarkson Selected for

the National Chairmanship.

Garret A. Hobart, of New

Jersey, Vice-Chairman.

WASHINGTON, July 30.—Behind the closed doors of the room in the Arlington House where the executive committee of the Republican National Committee held its session last night, Matthew Stanley Quay tendered his resignation as a member and chairman of both the executive committee and the National Committee in a note containing the information that he had sent to the Pennsylvania State Committee his resignation as the representative of that State in the National organization.

W. W. Dudley, the treasurer of the National Committee also tendered his resignation of that office and the executive committee adopted eulogistic resolutions setting forth the services of Senator Quay and Col. Dudley and expressing regret at their action.

The resignations of Chairman Quay and Treasurer Dudley were then formally laid on the table and accepted, subject to the approval of the full Republican National Committee at its next meeting.

Mr. Clarkson was elected chairman of the executive committee, and Mr. Hobart was elected vice-chairman. In the place of Mr. Clarkson, the chairman being authorized to select a treasurer to succeed Mr. Dudley.

Mr. Clarkson will act as chairman of the national committee until a meeting of that body can be held to elect a successor to Senator Quay.

The most important business of the session was the action of the committee in authorizing its chairman and secretary to call a meeting of the entire national committee, at such place and time in November as they may select, for the purpose of deciding on the place where the next national convention shall be held.

WHY ERHARDT RESIGNED.

He Sets at Rest All Rumors by Making a Statement.

NEW YORK, July 30.—Speculation as to Collector Erhardt's reasons for his abrupt resignation was set at rest to-day by Col. Erhardt himself, who made the following statement:

"I have resigned because the Collector is reduced to a position where he is no longer an independent officer with authority commensurate with his responsibility. I have given bonds for \$300,000. I have received for the government during the 30 months last past \$122,891, 13c.40 and am all the time personally responsible for enormous values in money and in merchandise. My duties are necessarily performed through about 1,500 employees. I am not willing to continue to be responsible for their conduct unless I have proper authority over them."

"The recent policy of the Treasury Department has been to control the details of the customs administration of the port of New York from Washington at the dictation of a private individual, having no official responsibility. The Collector is practically deprived of power and control, while he is left subject to all responsibility. The office is no longer independent, and I am. Therefore we have separated."

As soon as he is relieved from the Collectorship, he will join his family in the New Hampshire hills.

Senator Fassett Appointed Collector.

PEPPER'S PLAIN TALK.

The Great Red Dragon in Wall Street Wants Its Teeth Filled.

SULPHUR SPRING, Tex., July 30.—Senator Pepper was the orator of the Farmers' encampment here. More than 4,000 people were present to hear the Kansas Senator.

He wanted the government to loan the people money at 1 per cent to lift 9,000,000 mortgages, and to pull the teeth and close the mouth of the great red dragon in Wall street. He proposed to do this with flat money, issued directly to the people who had mortgaged their homes.

His speech lasted two hours and he closed by saying that the People's party would finally elect the President, House and Senate, and if the Supreme Court was not with them they would make another.

An Old Counterfeiter Sentenced.

ELIZABETH, Pa., July 30.—When Judge Reed opened Circuit Court here, Chauncey Marble, the aged and wealthy lumberman, whose rescue was attempted by Columbus friends, came into court and pleaded guilty to the indictment charging him with having counterfeited money in his possession. What is Transpiring in the Council Chambers.

State Councilor Collins has, during his term of office, broken the record of any previous year, having granted charters to 185 new councils, which added 5,200 members to the roll.
